

## AIR FILTER HOUSING SU

048-008-0210AW

**£795.00**  
**£954.00 inc VAT**

### Product Description:

Reproduced air filter housings for 1960's Aston Martin models with SU carburettors.

As the years pass by, these are becoming increasingly difficult to source. So much so, that we decided to manufacture them in house.

Accurately reproduced to keep your cherished Aston period correct when undergoing restoration.
